# National Taiwan Normal University
# Declaration of Environmental Safety and Health

National Taiwan Normal University (NTNU) has signed the Talloires Declaration as part of the university's commitment to a sustainable future. In line with NTNU's vision of building a sustainable campus, the university has established a series of measures, goals, and strategies, and is dedicated to the fulfillment of the following policies pertaining to environmental safety and health:

1. Build a green campus infused with art, humanities, and ecological education.

2. Establish a management system in accordance with prevailing regulations on environmental protection, workplace safety, and occupational health matters. Specifically, NTNU shall carry out education and training programs, enhance risk management protocols, and minimize pollution in order to safeguard the well-being of its faculty members and students.

3. Promote a low-carbon lifestyle in the interest of energy efficiency and resource conservation.

4. Promote a culture of safety by educating staff and students on environmental protection, occupational safety and health, and disaster prevention.
