List of Hazardous Machinery/Equipment(from the website of the School Safety and Health Advisory Group http://labsafety.cshm.org.tw/index.asp)

※ List of Dangerous Machinery ※						
Classification	name		illus trate	Is it necessary to check the certificate	Personnel license	
					operator	hanger
dangerous machinery	stationary crane	large	The lifting load is more than 3 metric tons. (It is a dangerous machine in the regulations)	☑	☑	☑
		medium	The hoisting load is more than 0.5 metric tons but less than 3 metric tons		☑	
	mobile crane	large	The lifting load is more than 3 metric tons. (It is a dangerous machine in the regulations)	☑	☑	
		medium	The hoisting load is more than 0.5 metric tons but less than 3 metric tons		☑	
Special piping machinery	punh.		Punching and shearing machinery.			
	shears		Punching and shearing machinery.			
	hand planer		Electric planer not included.			
	round for woodworking Disc saw		Handheld electric circular saw not included. (for wood processing)			
	Stacker		Vehicle jacks not included.		☑ (Load≧1metric ton)	
	grinder		Common as a grinder.			
other	Other dangerous machinery		Not belonging to the above categories, such as various small cranes (with a lifting load less than 0.5 metric tons), milling machines, drilling machines, lathes, vehicle jacking machines, electric planers, hand-held electric circular saws, band saws, mixers, lawn mowers… and other hazardous mechanical appliances.			

Sincere thanks to Kaohsiung City Government Labor Bureau Labor Inspection Office, Southern Taiwan University of Science and Technology, National Tainan University of the Arts, National Pingtung University of Science and Technology, Chia Nan University of Pharmacology and Science, Kaohsiung City Chung Cheng Advanced Industrial Vocational School, National Neipu Advanced Agricultural and Industrial Vocational School, National Flag Shan Senior Agricultural and Industrial Vocational School... and other units (in the sequence of initial strokes), provide physical photos of dangerous machinery and equipment
